A Word from the President . . .

Inter-provincial matches come round each year, but clashes for the Ranfurly Shield that take place between unions bring out "Shield fever".

These games are keenly contested. The sportsmanship and friendly rivalry shown by both the Wellington and South Canterbury unions and their representative players can justifiably be claimed to set a standard in which the game should be played. May the followers of today's game be treated to a game where rugby is the "winner".

Wellington, it is my pleasure to again welcome you to Timaru.

G. T. ADKINS, President S.C.R.F.U.
